Plate Compactors

## DPU4045Yehzf

### Reversible Plate Compactor 376kg Diesel

Wacker Neuson DPU4045Yehzf: Powerful (4.9kW) diesel reversible plate compactor for demanding jobs.

- Powerful diesel engine: Handles demanding compaction tasks on large construction projects.
- Reversible design: Easily maneuver in confined spaces, boosting efficiency.
- Exceptional compaction force: Delivers excellent results for various soil types.
- Durable construction: Built to withstand the rigors of tough jobsites.
- User-friendly controls: Easy to operate for smooth and efficient compaction.

#### Specifications

- Model - DPU4045Yehzf
- Item No.- 5100063120
- Engine - Yanmar L70N
- Power - 6.7Hp
- Weight - 383kg
- Operating Width - 450mm/604mm
- Force - 40kN

The Wacker Neuson DPU4045Yehzf is a powerhouse diesel plate compactor with a massive 4.9kW engine, ideal for tackling tough jobs on large sites. The reversible design allows for maneuverability in tight spaces, improving efficiency. It delivers exceptional compaction force (40kN) for a variety of soil types.
