Concrete Vibrators - HMS Modular  
**SM2S Flexible Shaft 2 metre  
- suits 35mm to 65mm head**

The SM2S is a 2-meter flexible shaft for concrete vibrators (35-65mm heads), providing extended reach for efficient consolidation.

- 2 meter length for extended reach and maneuverability: Accesses difficult and deep areas in concrete pours.
- Compatible with concrete vibrator heads from 35mm to 65mm diameter: Works with various concrete vibrator models.
- Flexible design for navigating tight spaces and around obstacles: Reaches areas inaccessible to rigid shafts.
- Easy to install for continued vibrator use: Keeps your concrete vibrator functioning smoothly.
- Ideal for deep concrete pours and complex rebar environments: Enables effective work in demanding applications.

Specifications

- Model - SM2S
- Item No.- 5100005708
- Length - 2 Meters
- Fits - H35 Above

The SM2S is a replacement part for concrete vibrators. This 2-meter flexible shaft is specifically designed to work with concrete vibrator heads that have a diameter between 35mm and 65mm. Its extended length provides even greater maneuverability and access to very hard-to-reach areas during concrete consolidation applications, such as deep pours, behind formwork, or around complex rebar configurations. The SM2S is easy to install and ensures continued functionality of your concrete vibrator for efficient and thorough concrete consolidation in challenging jobs.
