Concrete Vibrators - HMS Modular  
**H35 Vibrating Head 35mm**  
**- round nose cap**

The H35 is a replacement vibrating head with a 35mm round nose cap for efficient concrete consolidation in construction projects.

- Replacement part for concrete vibrators: Compatible with various concrete vibrator models.
- Larger 35mm round nose cap for wider area coverage: Consolidates concrete more efficiently over a larger area.
- Effective vibration for eliminating air bubbles: Improves concrete strength and durability.
- Easy to install for continued vibrator use: Maintains the functionality of your concrete vibrator.
- Ensures a strong, uniform concrete finish: Delivers high-quality concrete consolidation.

#### Specifications

- Model - H35
- Item No.- 5000006568
- Fits - S Shafts
- Head - 35mm

The H35 vibrating head is a replacement part for concrete vibrators used in construction. It features a larger 35mm diameter round nose cap compared to the H25 model, making it ideal for consolidating concrete in wider areas. The H35 vibrates effectively to eliminate air bubbles and ensure a strong, uniform concrete finish. This replacement head is easy to install and ensures continued smooth operation of your concrete vibrator.
