## PST3 750TA Submersible Pump

Wacker Neuson PST3 750TA: High-performance trash pump for efficient dirty water handling with large capacity.

- **Efficient dirty water handling:** szybko (quickly) removes large volumes of dirty water from flooded basements, trenches, and excavations.
- **High pumping capacity:** Large capacity allows for fast and efficient dewatering.
- **Submersible design:** Operates effectively in submerged environments.
- **Durable construction:** Built to withstand tough working conditions, including debris.
- **Lightweight and portable:** Easy to transport and maneuver on the jobsite.

### Specifications

- Model - PST3 750TA 3"
- Item No.- 6100040491
- Power - 750W
- Weight - 19kg
- Length - 10m
- Voltage - 230v
- Type - Trash
- Size - 3"/75mm
- Flow - 240L/min

The Wacker Neuson PST3 750TA is a high-performance submersible trash pump designed for tough jobs and large volumes of dirty water. It's ideal for dewatering flooded basements, trenches, and excavations. The pump's robust construction ensures durability and long service life, even in demanding environments. It boasts a large capacity to handle significant amounts of water quickly and efficiently.
