Concrete Vibrators - HMS Modular  
**SM0S Flexible Shaft 0.5 metre**  
**- suits 35mm to 65mm head**

The SM0S is a versatile 0.5-meter flexible shaft for concrete vibrators, compatible with heads from 35mm to 65mm.

- 0.5 meter length for maneuverability in confined spaces: Reaches concrete in tight areas for effective consolidation.
- Compatible with vibrator heads from 35mm to 65mm diameter: Works with a wide range of concrete vibrator models.
- Flexible design for easy use: Allows for comfortable handling during vibration applications.
- Easy to install for continued vibrator use: Keeps your concrete vibrator functioning smoothly.
- Versatile solution for various concrete vibrator models: Suitable for multiple replacement needs.

#### Specifications

- Model - SM0S
- Item No.- 5100005706
- Length - 500mm
- Fits - H35 Above

The SM0S is a replacement part for concrete vibrators. This 0.5-meter flexible shaft offers a versatile solution for use with various concrete vibrator heads. Its compact size allows for easy maneuvering and use in confined spaces during concrete consolidation applications. The SM0S is compatible with a wide range of vibrator head diameters, from 35mm to 65mm, making it a suitable replacement for multiple machines. This easy-to-install flexible shaft ensures continued functionality of your concrete vibrator and efficient concrete consolidation.
