BPU3750

Reversible Plate Compactor 240kg

The Wacker Neuson BPU3750 is a powerful reversible plate compactor designed for tough jobs.

- Powerful compaction force of 240kg: Compacts soil, gravel, and asphalt efficiently.
- Reversible design: Maneuvers easily in tight spaces, improving efficiency.
- Vibration isolation system: Reduces hand-arm vibration (HAV) for improved operator comfort and safety.
- Durable construction: Ensures long-lasting performance.
- Easy to operate and maintain: Minimizes downtime and maximizes productivity.

Specifications

- Model - BPU3750a
- Engine - Honda GX270
- Power - 8.0Hp
- Weight - 240kg
- Operating Width - 500mm
- Force - 37kN

The Wacker Neuson BPU3750 is a heavy-duty plate compactor that delivers powerful compaction force of 240kg, making it ideal for compacting soil, gravel, and asphalt in both large and small applications. Its reversible design allows for efficient maneuvering, especially in tight spaces. The BPU3750 is equipped with a vibration isolation system that minimizes hand-arm vibration (HAV) to the operator, improving comfort and safety during operation.
