Concrete Vibrators - HMS Modular
**SM1S Flexible Shaft 1 metre
- suits 35mm to 65mm head**

The SM1S is a 1-meter flexible shaft for concrete vibrators (35-65mm heads), reaching areas inaccessible to rigid shafts.

- 1 meter length for extended reach and maneuverability: Reaches difficult areas for improved consolidation.
- Compatible with concrete vibrator heads from 35mm to 65mm diameter: Works with various concrete vibrator models.
- Flexible design for navigating tight spaces and around obstacles: Enables consolidation in hard-to-reach areas.
- Easy to install for continued vibrator use: Maintains the functionality of your concrete vibrator.
- Ideal for concrete consolidation applications with limited space: Solves challenges when rigid shafts can't reach.

Specifications

- Model - SM1S
- Item No.- 5100005707
- Length - 1 Meter
- Fits - H25 Only

The SM1S is a replacement part for concrete vibrators. This 1-meter flexible shaft is specifically designed to work with concrete vibrator heads that have a diameter between 35mm and 65mm. Its flexible design allows for easy maneuvering and access to hard-to-reach areas during concrete consolidation applications, like around rebar or formwork. The SM1S is ideal for reaching areas inaccessible to rigid shafts, ensuring efficient concrete consolidation throughout your pours.
