Pumps
2" PT2A Trash Pump

Wacker Neuson PT2A: Reliable 2" centrifugal trash pump for fast dewatering.

- **Fast dewatering:** Efficiently removes water from flooded basements, trenches, and excavations.
- **Handles solids up to 1 inch:** Suitable for various dewatering tasks with debris.
- **Self-priming centrifugal pump:** Easy to operate and use.
- **Lightweight and compact:** Easy to transport and maneuver on the jobsite.
- **Durable construction:** Built to last for long-term use.

Specifications

- Model - PT2A 2"
- Item No.- 5100058525
- Engine - Honda GX160
- Head - 32m
- Size - 2"/50mm
- Flow - 625L/min
- Solids - 25mm
- Suction - 7.5m

The Wacker Neuson PT2A is a self-priming centrifugal trash pump designed for efficient dewatering tasks. Its 2-inch discharge handles solids up to one inch, making it ideal for various jobsites. The PT2A is known for its reliability and powerful performance, allowing for fast removal of water from flooded basements, trenches, and excavations. Its lightweight and compact design ensures easy transport and use on the jobsite.
