WPU1550AW

Reversible Plate Compactor 112kg

The Wacker Neuson WPU1550AW is a powerful hydraulic reversible plate compactor for heavy-duty applications. Its high compaction force, large working width, and dual direction capability make it ideal for big jobs.

- Powerful compaction force of 112kg: Compacts soil, gravel, and asphalt efficiently.
- Reversible design: Maneuvers easily in tight spaces, improving efficiency.
- Ideal for tough jobs: Handles demanding applications with ease.
- Versatile compaction: Works on various materials for multiple uses.
- Durable construction: Built to last on tough jobsites.

Specifications

- Model - WPU1550Aw
- Item No.- 5100055208
- Engine - Honda GX160
- Power - 4.8Hp
- Weight - 105kg
- Operating Width - 500mm
- Force - 15kN

The Wacker Neuson WPU1550AW is a professional-grade hydraulic reversible plate compactor designed to tackle tough compaction tasks on large construction sites. This powerful model utilizes a hydraulic system to deliver exceptional compaction force, ensuring efficient results on a variety of materials, including soil, gravel, and asphalt. The WPU1550AW boasts a large working width for covering more ground quickly. A unique feature is its reversible design, allowing the operator to change compaction direction without turning the machine, saving time and effort. Built for durability, the WPU1550AW is a reliable workhorse for any heavy-duty compaction project.
