Concrete Vibrators - HMS Modular  
**H45 Vibrating Head 45mm  
- round nose cap**

The H45 is a large replacement vibrating head with a 45mm round nose cap for maximum concrete consolidation in construction.

- Largest 45mm round nose cap in H-series for maximum coverage: Consolidates a large area of concrete quickly.
- Replacement part for concrete vibrators: Compatible with various concrete vibrator models.
- Effective vibration for eliminating air bubbles: Improves concrete strength and durability.
- Easy to install for continued vibrator use: Maintains the functionality of your concrete vibrator.
- Ensures a strong, uniform concrete finish: Delivers exceptional concrete consolidation results.

Specifications

- Model - H45
- Item No.- 5000006569
- Fits - S Shafts
- Head - 45mm

The H45 vibrating head is a heavy-duty replacement part for concrete vibrators used in construction applications. Featuring the largest diameter round nose cap (45mm) among H-series heads, it's ideal for consolidating large concrete pours quickly and efficiently. The powerful vibrations eliminate air bubbles and ensure a strong, uniform concrete finish. This easy-to-install replacement head ensures continued smooth operation of your concrete vibrator and maximizes consolidation effectiveness.
